

Welcome the WCWA Buy, Sell and Trade Page

RETIRING AND SELLING OUT

Wheelwrighting, Buggy Making & Parts Supply Business

Equipment (mostly antique)

- Antique Vis-a-Vis Carriage - very good condition
- Antique 2 passenger fancy carriage on rubber tires
- McLaughlin Cutter - 2 passenger with jump seat (needs complete upholstery refurbishing)
- Good selection of all metal and wood buggy parts needed for light vehicles and small carriages
- Too many to list here. I will send the entire parts inventory on request

Of Interest to Museums and Collectors

Most of the tools listed are antiques

Among the other collectibles are six issues of "The Hub", a vintage carriage trade journal published in New York in 1888 (May, July, Aug, Sept, Oct, Nov issues). The content and images provide excellent insights and a wealth of information on this wonderful part of history that we all enjoy. These issues are in very fragile condition and really belong in a museum. Open to offers.

Priced at \$13,000 firm (excluding "The Hub" issues)

I will be happy to answer questions and send photos if required. Better yet, come by for a visit, but phone first. Please do not ask to purchase individual items.
